The Southport Liminal Common (SLC) is a porous terrain where the homeless and domiciled communities define a new interface for interaction through community-led re-appropriation of underutilised or vacant urban sites. Constituted by a network of services, the SLC complements existing homeless services and meets the needs of the domiciled community.
A VILA DO MAÑÁ

The Villa do Mañá is an educational and cultural center that promotes artistic, cultural, and social activities. It is located in a former industrial site in Villagarcía de Arousa, Galicia, Spain.
